Re: KORA Request

My office has received and processed your KORA request, please see the answers below in regard to your numbered requests. Much of the information requested is available to the public as well on [www.republiccounty.org](http://www.republiccounty.org).

1. No such emails between commissioners exist.
2. See Enclosed.
3. No such document exists.
4. No such document exists, was included in engagement letter that is included in request #2.
5. Such documents are exempt as attorney work produce under KSA 45-221(25).
6. Such information is not available to us and would likely be privileged or work product under KSA 45-221(25). The hired attorney is not a public employee as well.
  - a. All minutes from commission meetings are available on the website at [www.republiccounty.org](http://www.republiccounty.org)
7. See website regarding drafts, any other correspondence if they even exist would have been privileged under KSA 45-221(25)
8. Not subject open records, any executive sessions included Republic County's hired counsel and thus exempt under KSA 45-221(25)
9. See our County website, [www.republiccounty.org](http://www.republiccounty.org).

Thank you for your patience in this matter as we addressed your request.

Sincerely,  
*Kathleen L Marsicek*  
Kathleen Marsicek  
Republic County Clerk
